

Guidewire specialization badges

PwC is the industry leader in Guidewire specializations, so you'll benefit from our proven experience and capabilities.

Specializations are regionally based and require partners to demonstrate skills, knowledge, and competency in a particular Guidewire product or solution areas. The achievement of specializations enables customers, and Guidewire, to have more clarity and insight into which partners have proven capabilities in a region. Guidewire recently announced the Global Delivery specialization, which recognizes partners that have a large investment in their Guidewire practice, meet the global skills metric, and continue to meet the minimum number of references in a specific region. PwC has been the first system integrator to earn Guidewire specialization badges within Guidewire **Cloud**, **PolicyCenter**, **BillingCenter**, **ClaimCenter**, **InsuranceSuite**, **InsuranceSuite Integration**, **Testing**, **Upgrades**, **Digital** and **DataHub**.
